- If you have any questions during the week please come and see us at the event tent. We will be there during the registration times listed on the daily program.

WA Race Week Registration

- There are several opportunities throughout the week to register for the Shaw and Partners WA Race Week Events. You will see this listed on the day to day timings in this program. At this registration you will collect your **Shaw and Partners WA Race Week Pack** which includes a number of amazing giveaways and most importantly your timing chip and yellow race number sticker for the week.
- You only need to attend one of the WA Race Week Registration times to register, however you must CHECK-IN to the start of each event at the start locations via the IPADs - please see details below.
- You will also be able to register at the event start locations for the Fenn West Coast Downwinder and the Dr Benjamin Hewitt Sunset Surf Ski Series at Port Beach, Fremantle if the WA Race Week Registration times are not suitable for you. See times listed on the program. Only your timing chip and race number will be provided here. If you are eligible for the WA Race Week Pack you must collect that at the WA Race Week Registration times listed.
- Optional items that were ordered when you entered online can be collected at WA Race Week Registration (for example flares, whistles and merchandise).

SHAW AND PARTNERS WA RACE WEEK PROGRAM

- A WA Race Week Wristband will be provided which will provide competitors with discounts at local vendors in the area. Further information will be provided leading up to race week.

Your Timing Chip and Yellow Race Number

- You will be provided with one timing chip and race number to use for all the events. This is how we can identify you.
- You must also have your race number on your hand for each race. We will have permanent markers to do this during registration and race check-in.
- **You must wear the timing chip on your ankle** for it to register when you run over the blue mat. Do not wear it anywhere else.
- Remember to bring your timing chip with you to each event. No timing chip = no time.
- If you lose your timing chip there is a \$50 replacement fee.
- Return your timing chip at the end of your last race. For most, this will be at The Doctor event where we will be collecting them as soon as you cross the line.
- Your yellow race number sticker must be placed on the **front left hand side of your craft** so it is visible to water safety crews so we can identify you.
- For those that are not using the same craft for all events you will need to get a number for all your craft that must match your race number for that event. Please come and see us and we can provide additional yellow race numbers.

RACE CHECK-IN - YOU MUST DO THIS AT THE START OF EVERY RACE!

- When you arrive at the start of each event you must be **'checked-in'** to our timing system via the IPADS. You will see event staff with several IPADS and you must **check-in** by providing us with your race number.
- Your race number will also need to be put on your hand. We will have permanent markers at check-in to do this.
- For The Doctor, check-in will take place on Rottnest Island.
- It is extremely important that you check-in to the races so we know who is racing in each event.
- No race Check-In = No race time or points.

Water Safety

- Please ensure you follow the instructions of the water safety officials at all times.
- For **The Doctor** event be aware of large commercial ships during the race. Fremantle Port is a commercial Port and operations will not cease during the event. **Commercial shipping has the right of way at all times.**
